- 22 Sunday, Moderate to fresh S.E. & S. winds partly cldy. to showers this evening

Note: This morning about 3 a.m. someone unknown ran a speedboat on the rocks on the East side of this Island, and abandoned the same, not asking permission they took the Station rowboat, tied up in the boat slip, made for the mainland and disappeared in the darkness. I gave chase using my motorboat trying to catch the party, but missed them by a minute or so, and I brought back the Station boat.

The speedboat was badly damaged and full of water, my son and I floated the boat on the rising tide into the boat slip at the Station, and salvaged the entire equipment and notified the owner of the boat who was Mrs. F.C. Church, of Newport, R.I. who claimed the boat had been stolen at that place during the night.

During the afternoon a representative of the owner came here for the boat, my son and I helped to free the boat of water using the Station boat. Tackles we hoisted the stern out of water and patched up a large hole staves in the bottom of the stern, and by bailing continuously they were able to keep her afloat towing it into Pawtuxet Cove, R.I.
